

Summary Data for Graphing

Scope	Category	2018/19	2019/20	2020/21	2021/22	2022/23
1	1. Stationary combustion	86	0	80	0	0
1	2. Owned transport	3199	0	372	0	0
1	3. Process emissions	0	0	0	0	0
1	4. Fugitive emissions	0	0	0	0	0
2	5. Electricity	291	0	145	0	0
3	6. Purchased material and fuel	1515	0	769	0	0
3	7. Transport related activities	306	0	26	0	0
3	8. Waste disposal	0	0	0	0	0
3	9. Leased assets and franchising, outsourcing	2617	0	3080	0	0
3	10. Sold Goods and Services	0	0	0	0	0
	11. Offset Emissions	0	0	0	0	0
	Gross Footprint	8014		4471		
	Net Footprint	8014		4471		
	Target Gross Footprint	8014.20	7346.35	6678.50	6010.65	5342.80

Note: To remove lines for gross and net footprint for future years so those years are empty, delete the "zero" values for Gross and Net footprint in the table above (highlighted in red), and when the data is available copy the formula back across from 2018/19 for gross and net footprint. If the target is not needed, delete the target data in the cells (the target is set as a per annum % reduction in the Cover sheet).

Annual GHG Emissions by Category

(Scope 1 = blue, Scope 2 = red, Scope 3 = green)
